

World Canvas Frequently Asked Questions (FAQ)

General

What is World Canvas?

World Canvas is a single, continuously expanding digital artwork built by people around the world.

Anyone can claim a permanent Cell, create or upload artwork, and become part of humanity's largest collaborative work of art.

Unlike traditional social media platforms, World Canvas is designed around permanence rather than timelines or algorithms.

What makes World Canvas different?

World Canvas has one official canvas.

It never resets.

It never starts over.

It continuously expands as new Cells are claimed.

Every Cell occupies a permanent location, creating a historical record that future generations can explore.

Is World Canvas a social network?

No.

World Canvas focuses on creation and exploration rather than followers, feeds, or engagement algorithms.

You can discover creators and Collections, but the platform is designed to encourage exploration instead of maximizing screen time.

Is World Canvas an NFT platform?

No.

World Canvas does not require blockchain technology or cryptocurrency.

Ownership is managed directly by the World Canvas platform according to the Constitution and

Ownership & Marketplace Charter.

Is cryptocurrency required?

No.

World Canvas accepts traditional payment methods.

All purchases on the platform use World Canvas Credits (WCC), which are purchases using supported

payment methods.

Cells

What is a Cell?

A Cell is the permanent unit of ownership on World Canvas.

Each Cell has:

- Permanent coordinates.
- Fixed dimensions.
- A unique World Canvas Identifier (WCID).

- One current owner.
- One current published artwork.
- Permanent ownership history.

What does it mean to claim a Cell?

Claiming a Cell gives you ownership rights defined in the Ownership & Marketplace Charter.

You receive a permanent location within the canvas where you can display your artwork and participate
in the marketplace.

Can I claim more than one Cell?

Yes.

There is no limit to the number of Cells a contributor may own.

Many contributors may expand into larger Collections over time.

Can I make my Cell larger?

Yes.

You may claim additional adjacent Cells as they become available, allowing your artwork or
Collection to

expand naturally.

Do Cells ever move?

No.

Every Cell has permanent coordinates.

Once created, its location never changes.

Artwork

Can I upload my own artwork?

Yes.

You may upload supported media or create artwork directly within the platform using available creative tools.

Can I edit my artwork?

Yes.

Artwork may be updated by paying the published Edit Fee.

Previous versions become part of the Cell's historical record.

Can I delete my artwork?

No.

World Canvas is designed around permanence.

While the current artwork may be updated, historical versions are preserved in accordance with the platform's preservation policies.

What types of media are supported?

World Canvas supports static artwork at launch.

Additional supported formats include:

- Animation
- Video
- Interactive experiences

Availability depends on your selected Cell features and applicable pricing.

Ownership

Do I own my Cell?

You own the rights granted by the Constitution and Ownership & Marketplace Charter.

Your ownership includes the ability to display artwork, transfer ownership, sell the Cell, and expand into

adjacent Cells, subject to the platform's published rules and applicable law.

Does World Canvas own my artwork?

No.

You retain ownership of your artwork.

By publishing it on World Canvas, you grant the platform the rights necessary to display, preserve, and

operate the service.

Can I sell my Cell?

Yes.

Owners may:

- List Cells for sale.
- Accept offers.
- Participate in supported auctions.

Marketplace participation is always optional.

Can I inherit a Cell?

Yes.

World Canvas intends to support succession and legacy tools.

Where no designation exists, ownership will be handled according to applicable law and published platform policies.

Marketplace

How do I buy a Cell from another owner?

Browse the Marketplace.

If the Cell is listed for sale, you may purchase it immediately.

If it is accepting offers, you may submit an offer for the owner to review.

Can I make an offer on a Cell that is not listed for sale?

No.

Only Cells whose owners have enabled “Accepting Offers” may receive purchase offers.

Owners control whether their Cells participate in the marketplace.

What happens when my Cell sells?

Once payment is complete:

- Ownership transfers automatically.
- The Cell retains its WCID.
- Ownership history is updated.
- Marketplace proceeds are deposited into your Marketplace Balance after applicable fees and settlement periods.

Can I withdraw money after selling a Cell?

Yes.

Marketplace proceeds are deposited into your Marketplace Balance.

You may:

- Withdraw eligible funds using supported payout methods.
- Convert eligible funds into World Canvas Credits (WCC).
- Use your balance to purchase additional Cells.

Withdrawals are subject to applicable fees, identity verification, fraud prevention measures, and local laws.

World Canvas Credits (WCC)

What are World Canvas Credits?

World Canvas Credits (WCC) are the platform's internal purchasing currency.

They are used for:

- Claiming Cells.
- Editing artwork.
- Premium features.
- Marketplace purchases.
- Other eligible platform services.

Why use WCC instead of charging my card every time?

Using WCC:

- Eliminates inefficient micropayments.
- Makes small purchases seamless.
- Improves payment security.
- Reduces payment processing costs.
- Creates a smoother experience.

What is the minimum deposit?

The minimum WCC purchase is **\$10 USD**.

Additional deposits may be made at any time.

Can I withdraw WCC?

No.

WCC are intended for purchases within World Canvas.

Money earned through Marketplace sales is deposited into your Marketplace Balance and may be

withdrawn or used according to published Marketplace policies.

Membership

Do I need a membership?

No.

World Canvas Membership is completely optional.

Anyone may claim Cells and participate without subscribing.

What does membership include?

Membership provides benefits such as:

- Monthly WCC deposits.
- Reduced Marketplace fees.
- Reduced Edit fees.
- Early access to selected features.
- Optional profile enhancements.
- Other published member benefits.

Membership does not provide exclusive ownership rights or preferential access to Cells.

Founder Membership

What is Founder Membership?

Founder Membership is a permanent recognition awarded to the first **10,000 contributors**

who

support World Canvas through an eligible membership purchase during the launch period.

Founders are recognized as the earliest supporters who helped establish the platform and its long-term

mission.

Founder Membership is permanently limited and will never be offered again after all 10,000

memberships have been claimed.

How do I become a Founder Member?

Founder Membership is automatically awarded to eligible contributors while Founder

Memberships remain available.

Once the 10,000th Founder Membership has been issued, the program permanently closes.

How many Founder Memberships are available?

Exactly **10,000**

This limit is permanent.

No additional Founder Memberships will ever be created.

Will I know how many Founder Memberships remain?

Yes.

World Canvas will display the number of Founder Memberships remaining during the launch

period.

Once all Founder memberships have been claimed, the Founder Program will be marked as permanently\

closed.

What benefits do Founder Members receive?

Founder Members receive all standard Membership benefits plus:

- Permanent Founder profile badge (optional).
- Permanent Marketplace Fee of **5%**.
- Permanent Edit Fee of **10%** of the original Cell claim value.
- Recognition in the public Founders Registry.
- Founder Certificate.
- Priority invitations to selected beta programs and community events.
- Future Founder recognition opportunities as announced by World Canvas.

Does Founder Membership expire?

No.

Founder Membership is intended to remain attached to the member's account for the lifetime of World Canvas, provided the account remains in good standing.

Can Founder Membership be transferred or sold?

No.

Founder Membership is permanently attached to the original qualifying account.

It cannot be transferred, sold, inherited, or exchanged separately from the account.

Can I lose Founder Membership?

Founder Membership is intended to be permanent.

However, it may be revoked in extraordinary circumstances, including fraud, payment reversal,

or other

material violations of the platform's legal agreements.

Such actions would be taken only after appropriate review and in accordance with applicable policies.

Will Founder Members receive lower Cell prices?

.No.

Founder Membership does not reduce the cost of claiming new Cells.

Every contributor purchases new Cells using the same published Global Pixel Price.

Founder benefits are focused on Marketplace participation, Edit Fees, and historical recognition.

Does Founder Membership provide additional ownership rights?

No.

Founder Members and all other contributors receive the same ownership rights under the Constitution

and Ownership & Marketplace Charter.

Founder Membership is a recognition of early support, not a different class of ownership

Will Founder Members have additional voting power?

No.

Founder Membership does not provide additional governance authority.

Every contributor participates according to the Community Participation Charter.

Can Founder Membership be purchased after the first 10,000 have been claimed?

No.

Once all Founder Memberships have been issued, the program permanently closes.

Founder Memberships will never be reintroduced or expanded.

Permanence

Will World Canvas exist forever?

No company can promise forever.

Our goal is to preserve World Canvas for as long as technology and sustainable operation make it possible.

Every business decision is guided by that objective.

What happens if World Canvas eventually shuts down?

Our long-term goal is to preserve the artwork in a publicly accessible archival form if active operation ever becomes impossible.

Specific preservation plans may evolve over time as technology and legal considerations change.

Privacy & Security

Is my personal information public?

No.

Only information you choose to publish is visible to others.

Personal information and payment details are protected according to our Privacy Policy and applicable law.

How is my account protected?

World Canvas uses industry-standard security practices and continually improves its systems to protect contributor accounts and ownership.

The Future

How can I influence the future of World Canvas?

Contributors may participate through:

- Community proposals.
- Surveys.
- Beta programs.
- Public consultations.
- Advisory initiatives.
- Community voting on designated matters.

Details are described in the Community Participation Charter.

Why is World Canvas operated by a private company?

Operating a permanent global platform requires continuous investment in infrastructure, security,

development, and preservation.

World Canvas operates as an independent company so it can sustainably fulfill those responsibilities

while remaining accountable through its Constitution, Transparency Charter, and Community

Participation Charter.

Final Question

Why should I contribute?

Because every generation deserves the opportunity to leave something behind.

World Canvas is an invitation to become part of a work of art larger than any one person could ever

create.

Whether your Cell becomes famous or remains a quiet personal memory, it becomes a part of humanity's

shared creative history.

Every Cell matters.

Every story matters.

Every contribution expands the canvas.
